

THE CARDIOVASCULAR CARE GROUP

Welcome to The Cardiovascular Care Group. We greatly appreciate your confidence in choosing our practice for the care of your Thoracic and Vascular problem.

In an effort to provide you with the best possible medical care, we will require your assistance. A complete medical history will be needed at your first visit as well as a detailed physical examination. We have included a REGISTRATION FORM and MEDICAL FORM for you to complete in advance of your scheduled appointment. Please take a moment to complete these prior to your appointment with us. If there are items you are unsure about, please call us or leave them blank and we will assist you when you arrive at the office. Please plan to spend at least one hour at the office so that a complete physical examination and appropriate testing can be performed.

While we participate in most insurance programs, payment of deductibles and co-payment are required at the time of your visits. Checks and credit cards (Master Card and Visa) are accepted as is cash. If you would like to know the approximate amount that you will be responsible for, please do not hesitate to call our Billing Department in advance of your visit.

We appreciate the opportunity to care for you and will do everything to make you feel comfortable. If you have specific questions, feel free to call us.

P.S. Please be sure to bring your insurance card, any necessary films, reports and referral form from your primary care physician (if required by your managed care company).

PLEASE VERIFY THAT OUR DOCTOR STILL PARTICIPATES IN YOUR INSURANCE
